A detailed view of the rear camera module of a Sony Xperia Z3. The module is shown from the back, revealing the lens, flash, and sensor assembly. A ruler is placed next to it for scale. The sensor assembly is a small black PCB with various components, including a sensor (C2130), a flash (C2144), and a sub-PCB (SUB PCB). The module is mounted on a grey plastic frame.

A photograph of a disassembled Sony Cyber-shot camera. The image shows the internal lens assembly on the left and the sensor unit with a flex cable on the right. A ruler is placed vertically on the left side of the camera for scale. The lens assembly is black and has two large lenses. The sensor unit is a small circuit board with a flex cable attached. The background is a plain white surface.
